Report On
"Kirloskar Vasundhara"

"Green Campus Clean Campus" an informative session on Environment awareness "Green Campus Clean Campus" organised by Kirloskar Vasundhara KFIL in association with SPM Polytechnic Kumathe, Solapur for the Diploma Engineering Students.

Greening the campus is all about turning around wasteful inefficiencies and using conventional sources of energies for its daily energy needs, correct disposal handling, procurement of environment friendly supplies and effective recycling program. Institute has to work out the time bound strategies to implement green campus initiatives. These strategies need to be incorporated into the institutional planning and budgeting processes with the aim of developing a clean and green campus.
